

Self-introduction

by Xingxing Song

I am currently a graduate student of University of Maryland, majoring in teaching Chinese as second language. I will have my Master of Education Degree and Maryland state teaching license by this December. With experience working at K-12 levels, as well as in activities outside of the traditional classroom, I have a diverse background to offer.

My first classroom teaching experience was as a volunteer at STARTALK Chinese Language Summer Camp held by Huayan Chinese Academy in Maryland State last year. This opportunity gave me teaching experience on K-5th grade level. I have learned a lot as a classroom teacher and as an educator. I feel more confident at teaching and building strong relationship with students. And then I also volunteered in translating teaching material for a Chinese Language program in department of education in Delaware State.

After this, I was recommended by my Professor to teach 5th graders in Rockville Chinese School every Sunday from Sep.2013 which further improve my teaching skills.

I am also an after school enrichment teacher at Abingdon Elementary School in VA and German School in MD two days a week. I designed curriculum and teach First graders Chinese language at Abingdon and help 6th-9th students in enriching their practices of Public Speech at German School.

Based on my range of Management and Communication skills and 8 years working experience, in the fields of: Marketing, Business, Training and Education; I am confident, that I would be able to provide excellent leadership, problem solving and high quality communication with students of all ages.
