

## Professional Goal

I have a serious commitment to be the best teacher for each group of students I have the opportunity to teach. My goals:

1. I will work harder to be a positive influence in the lives of my students, their parents, and my fellow teachers.
2. To keep up with the most effective teaching methods, I will try to attend various workshops, interact with other teachers for better ideas.
3. I will try to use 100% target language to teach my students in future at least for the high level class. For the low level, I will try to use 90% target language in the class.
4. In order to provide the most efficient, safest classroom for the students to learn, I will make effort to improve my classroom management skills especially in the title 1 school which I am teaching right now.
